

EnterpriseLEI for streamlined LEI management

Discover, consolidate, register and manage LEI at scale

For organisations managing multiple Legal Entity Identifiers (LEIs) within their own group or on behalf of clients, EnterpriseLEI streamlines LEI issuance, renewal, and control at scale. Whether you're a financial institution, multinational enterprise, or service provider, EnterpriseLEI is your complete toolkit to manage LEIs efficiently, cost effectively and compliantly.

Boost productivity & reduce costs
Spend less time manually registering, renewing and updating LEIs across spreadsheets and from multiple LEI Issuers. Volume discounts lower LEI TCO.

Eliminate LEI lapse risk
Know exact LEI inventory renewal dates, and benefit from multi-year auto-renewal. The RapidLEI platform and team will not let your LEIs lapse.

Ensure quick compliance
Fast registration and direct publication to the GLEIS means accelerated compliance with regulations. Trades won't be interrupted, KYC/KYB won't be delayed with RapidLEI.

EnterpriseLEI features and benefits

Automation delivers the fastest LEI issuance available
Same-day, often real-time issuance, even at weekends. LEIs issued in minutes using automation and live registry data.

Centralised LEI management

Your dashboard gives full visibility and control over every LEI under management. Group renewals, expiry alerts, and bulk actions made easy.

Multi-entity & group structure support

Manage LEIs across subsidiaries, geographies, or delegated business units. Approval workflows and permission tiers keep governance intact.

Bulk onboarding, transfers and renewals

Upload multiple entities in one go with Excel templates or API integration. Save time and reduce admin.

Flexible multi-year pricing

Reduce compliance overheads and save with 3 or 5 year LEIs. Enterprise discounts available.

API-enabled integration

Issue same-session LEIs from within your own platforms. Ideal for onboarding systems, platforms, and trust service providers.

Dedicated account manager & global support

Expert help across time zones and in multiple local languages.

EnterpriseLEI is ideal for:
